

ANTONELLI COLLEGE

Dynika Evans
Photography

I was always an entrepreneur type of person and had a passion for photography. My friends showed me a commercial for Antonelli College which lead to my interview and acceptance into the photography program. Going back to school was the best decision I ever made because it allowed the creativity that was already inside of me to come out. It was like a sanctuary for me.

It was tough being a mother, working full time and attending school full time. However, you can be successful when you have a focus and are doing something that you have passion for. I had one set goal and that was to do better for myself and my kids. From the minute I walked through the door, Antonelli College had my back.

Career Services helped me with my resume, networking, and meeting other photographers. They connect me with different jobs on a regular basis. I find the job openings useful and resourceful and have been able to take photos and get paid for it!

Once I was introduced to Antonelli, it opened up a lot of doors for me. I am a whole new person since I found Antonelli!
