

ANTONELLI COLLEGE

**Evelyn Goodwin
Lattimore, LMT**
Massage Therapy

I was introduced to Antonelli College after a friend of mine became a student. She told me the school had a Massage Therapy Program and I enrolled.

After graduation, I started my own business, called Ka'Rita Massage. I provide quality therapeutic care that's affordable and customized to each client. Each session enriches the total well being of the client leaving them relaxed, rejuvenated, healthier, and happier. I have taken my time to build a practice that will grow according to the will of God.

I am also enrolled at the University of Cincinnati where I am working to continue my education and obtain a nursing degree. I made the Dean's List with a 3.9 GPA for the quarter. I am so proud that I can achieve these grades while running my business and taking care of my family.

Aside from running my own business, I am a mother of four children. I am very active in their school, sports, and Boy Scouts. I volunteer at the Aronoff Center, church, and throughout the community.
