

Nikki Greer

HEALTH INFORMATION TECHNOLOGY / MEDICAL CODING
GRADUATION DATE: DECEMBER 2009

Nikki Greer chose Medical Coding at Antonelli College because it is something that will always be needed and she enjoys a good challenge.

Her proudest moments here were receiving awards for being chosen the best medical student and excelling in academics. Those awards made her realize that Antonelli recognized her accomplishments. Nikki was recently hired at Hattiesburg Family Health Center as a medical assistant. She handles appointments, billing, patient accounts and other numerous clerical tasks.

"Antonelli was the perfect size school for me, and I heard good things about it. Everyone here is so friendly, and they try to help you with whatever you need," stated Greer. "I just want to thank all the staff for helping me believe that it was possible to complete what I had started. Thank you all so much!"
